**Description** Briefly explain what the goal of the project is:

**Milestones** List the major milestones or steps towards project completion *with estimated duration*. Mark which of these (towards the end) are potentially optional, in case the project takes longer than expected.

**Communication** How do you plan to communicate within the group? Specify for example the means or tools of communication (Discord, Slack, email, etc.) and the expected frequency.

**Libraries** Which libraries do you (tentatively) plan to use?
